**DETAILED ACTION**

***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claim 24 is rejected under 35 U.S.C. 102(b) as being anticipated by Quinard. (4,271,974). Quinard discloses, in figs. 1 and 4, a container 3 comprising a helical thread 20, a flange 7 having at least one laterally displaceable tab 11; a cap having a sidewall including at least one notch 6 at a distal free end of the sidewall; said tab snaps into said notch and prevent any further rotational movement in a closing direction of said cap relative to said container; said laterally displaceable tab and said notch each having one abutment surface and one ramping surface whereby said ramping surface allowed said closure to be rotated in an opening direction with said ramping surface of said notch ramping over the ramping surface of said laterally displaceable tab, or the tab is displaceable from the notch to allow the closure to be rotated in the opening direction

***Allowable Subject Matter***

3. Claims 1-23, 25 and 26 are allowed.

***Response to Arguments***

4. Applicant's arguments filed 2/8/06 with respect to claim 24 have been fully considered but they are not persuasive as examiner's explanation in the rejection above.

***Conclusion***

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
